A UNIQUE DINING EXPERIENCE IN THE HEART OF LEEDS

.....

Award-winning Crafthouse offers a distinctive and delicious dining experience, matched with spectacular views across Leeds.

Many ingredients are sourced from Yorkshire's coast and countryside and are cooked with the utmost care. Menus change with the seasons, with a focus on quality produce, professionally cooked and simply served. The Jospo oven provides a unique technique in the preparation of our meat and fish, chargrilling at 480 degrees over charcoal.

Crafthouse pays homage to Leeds' rich culture and heritage with space dividers inspired by looms and ceiling rafts reminiscent of fabric reams. An open kitchen faces onto the restaurant's dark oak and marble interior, whilst the chef's counter offers diners a unique insight into the inner workings of the

kitchen. Specially commissioned artwork features throughout designed to reflect Leeds' past and present – both its great industrial heritage and its status as one of the most vibrant, metropolitan cities in Europe.

Since opening in 2013 Angelica, situated above Crafthouse, has become the hottest venue in town. It's not surprising, as the bar and terrace atop the city's Trinity Centre offers great music, delicious cocktails, a raw bar and a spectacular selection of bar bites.

Angelica & Crafthouse are the ideal locations for any event. Whether you are looking for an exclusive hire or a more intimate occasion, a drinks and canapé reception or a seated dinner, our Events Team can help with your requirements.
